Map of The Indus Valley

Using an atlas and your textbook, complete the following map assignment on the outline map of the Indus Valley.

1. Locate and mark the following bodies of water:

Indus River
Arabian Sea

Ganges River
Indian Ocean

Riva River
Bay of Bengal

2. Shade in the following mountain ranges. Use a different colour for each range, and be sure to include a legend to identify each one.

Himalayan Mountains

Hindu Kush

3. Locate and label each of the following cities:

Mohenjo-Daro

Harappa

4. (a) Find the location of Mount Everest, and locate it on the map.

(b) Find the island of Ceylon, and mark it on the map.

(c) Find the Thar Desert, and mark it on the map.

5. (a) Into which body of water does the Indus River empty?

(b) Into which body of water does the Ganges River empty?

(c) Where does the Indus River start?

(d) The island of Ceylon has a different name today. What is it?

(e) Use a triangle \triangle to mark each of two river deltas on the map.

(f) Mark a direction indicator on the map to show north.

6. Why would people build Mohenjo-Daro and Harappa where they did?

The Indus Valley
